

#read4luv

February 2022

Reading aloud for just 15 minutes a day to children of all ages sets them up for a lifelong love of reading. Children who read succeed in school and in life. Throughout the month of February, share your love for reading with a child and help us capture these special moments. Please share pictures and posts of reading with someone special—or even of a favorite childhood book—on social media, using the hashtag #read4luv.
